## GENERAL INFORMATION

### LONG DISTANCE CALLS

All long distance calls must be placed through the Switchboard so that the operator may properly prepare a toll charge ticket.

### CONFERENCE SERVICE

When requesting a conference set-up, whether local or long distance, complete information should be given to the operator as to the stations desired in the conference. If a conference set-up is desired after a call is connected, FLASH SLOWLY, when the operator comes in on the line give her the names of the parties desired on the hook-up.

### TRANSFERRING CALLS

If it is desired to have a call transferred from one station to another, signal the operator by FLASHING SLOWLY several times. Do not flash hurriedly, as it does not signal the operator.
